LEGISLATIVE INTENT. For the past 81 years, the Veterans Service Agency has been in operation for the benefit of the veterans of Eric County, their widows and dependents. The agency, which was the first of its kind in the State of New York, was originated in 1926 by the American Legion of Eric County under a special appropriation to an American Legion Committee from the then Eric County Board of Supervisors. Due to a steadily increasing demand for services provided, which was accelerated by World War II, and the resulting growth of the office, on January 1, 1945, the Agency became part of the county Government structure as a stand alone agency.

The Service Agency functions under the provisions of state and county laws which specify the services to be rendered to all veterans, their widows and dependents who are residents of Erie County. The Agency Director operates under the immediate jurisdiction of the County Executive and also reports to the Erie County Legislature and the Government Affairs Committee of that Honorable Body.

Reestablishing the stand alone Eric County Office of Veterans Services will result in: The Director once again will report and be responsible to the Eric County Executive. The Director will be once again responsible for the Budget request and formulation. The staffing will once again consist of a Director and the appropriate staff to serve Eric County's Veteran population.

We presently have over 80,000 veterans in Erie County; more than any other County outside of New York City. Every day we are seeing the return of more veterans from Iraq & Afghanistan who will increase the number of veterans needing to be served. The Action on the part of the Legislature will once again establish the Erie County Office of Veterans Services as a stand alone Agency and enable the Office to adequately care for our veterans who have sacrificed so much for our country.
