**Village of Pawling**

**Local Law No. 7 of the year 2016**

FILED  
STATE RECORDS

DEC 21 2016

DEPARTMENT OF STATE

***A local law Enacting Local Law Amending Chapter 92 of the Village Code, Entitled "Vehicles and Traffic" by amending section 1 of Local Law 5 of 2014, by amending section 2 of Local Law 1 of 2005 by repealing the schedule in section 2 and substituting a new schedule, and by amending § 92-14.***

**Be it enacted by the Board of Trustees of the Village of Pawling as follows:**

**Section 1.** The legislative intent of this Local Law is to ease time limits for parking in the business districts to reflect the fact that the village has increased parking enforcement, and the sense of the board of trustees is that the new time limits for parking will be complied with, and the extension of the limits to three hours for parking will better accommodate businesses and customers whose business activities are not easily concluded in a two hour time frame, including but not limited to activities such as meetings, closings, and audits.

**Section 2.** Section 1 of Local Law 5 of 2014 is amended to provide as follows:

Section 1. Statement of Purpose and Intent. The Village Board of Trustees has determined that the merchants, business owners, employees of merchants and business owners and the residents of the Village who park their vehicles on the public streets of the Village tend to use a majority of the available parking spots located near the merchants, businesses and residences in the Village between the hours of 6:00 a.m. and 6:00 p.m., and as a result, prevent shoppers, clients and visitors of the merchants, businesses and residences of the Village, and anyone who parks their vehicle for a period of less than three (3) hours, from finding adequate parking during that time period. The Village Board has further determined that the lack of adequate parking for shoppers, clients, and visitors in the Village has had a negative impact on the ability of the merchants and businesses in the Village to conduct business and remain competitive with other businesses in the region.

In order to provide adequate parking for all those using the public streets of the Village, and allow the merchants and businesses in the Village to attract customers and clients and remain competitive with other businesses in the region, the Village Board has determined that it is in the best interest of the Village to adopt a parking permit system which will require the merchants, business owners, employees of merchants and business owners, residents of the Village and anyone needing to park their vehicle for a period of longer than three (3) hours to purchase a parking permit from the Village which will allow them to park in separate designated, on-street permit parking areas for an unlimited period of time. The other on-street parking spaces in the Village will remain subject to the time restrictions set forth in this Chapter 92 of the village Code.

The Village Board believes that such a system will help ensure there are a sufficient number of on-street parking spaces available for the customers, clients and visitors wishing to use the merchants, businesses and residences of the Village, as well as anyone wishing to temporarily park on the Village streets, while providing adequate parking for those needing to park their vehicles on the Village streets for longer periods of time, such as the merchants, business owners, employees of the merchants and business owners, and the residents of the Village.

**Section 3.** The Schedule in Section 2 of Local Law 1 of 2005 is repealed and replaced with the following Schedule:
